

Making a Difference in Your Community

Lucky's Community Project is an ongoing endeavor to create lasting change in the communities we serve. We look for partners in two ways: those doing work “on the ground” serving our neighbors and those who want to make an impact in our neighbors’ lives. It's not just Lucky's Market on our own trying to enact change; we're joining with neighbors who, like you, are interested in bringing resources to our common table to serve those most in need.

BAGS FOR CHANGE

Bring your reusable bags to make change in your community.

Every time you bring a reusable bag to our store, you will receive a wooden dime for each one used. Our loyal customers then have the opportunity to donate that dime to their choice of a local nonprofit organization. At the end of the quarter, we'll double the amount raised.

How Does It Work?

Community members choose our Bags for Change recipients through a vote held on our local Facebook pages. We will post five local nonprofits for the community to vote on their favorite one. The three organizations that receive the most votes by the deadline will be our designated partners for the next three months. To be considered for any of our in-store programs, please fill out an online application (<http://www.luckysmarket.com/applying-for-a-donation/>).
